

FIRST ANNOUNCEMENT

Workshop on Pediatric Colorectal Surgery

Monday 30 and Tuesday 31 January 2012

Hirschsprung's Disease, Motility Disorders and Pediatric
inflammatory Bowel Disease

It is a privilege to invite you at the fifth international two day workshop on pediatric colorectal surgery in Rotterdam, the Netherlands.

The main subjects for this year are Hirschsprung's disease, motility disorders and pediatric inflammatory bowel disease.

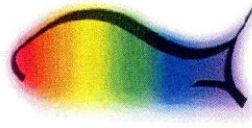

The formula consists of live operating room demonstrations, case presentations and keynote lectures. Visitors will be encouraged to present cases.

The course will be held in collaboration with Marc Levitt of the Cincinnati Children's Hospital Medical Center, United States.

Looking forward to welcome you at Rotterdam,

Ivo de Blaauw
Marc Levitt
Gerard Madern
Conny Meeussen
Pim Sloots
